

SHAWL Study Update

December 23, 2020

NEW SPECIMEN DROP OFF SCHEDULE

Please find an update regarding the SHAWL study below:

We are starting extended specimen drop-off. This change was implemented to make it easier for employees of LTRI/Sinai Health and OICR to participate.

After January 1st you will still drop your specimens off during the same week, but you will have the **choice to drop your specimen off on Monday OR Tuesday OR Wednesday (by 1pm)** of that week.

PLEASE NOTE – SPECIMENS MUST BE DROPPED OFF ON THE SAME DAY THEY ARE COLLECTED!

Below is the new collection schedule.

2021

If you have any questions about this, or any other aspect of the SHAWL study, please contact the Study Admin Team at shawl@lunenfeld.ca.
